RE: Armenian Genocide remembrance

On April 24th we mark the 93rd anniversary of the Armenian Genocide.

As you know, last October the House Foreign Affairs Committee passed H.Res.106, the Armenian Genocide Resolution, but Turkey has used threats, blackmail, and intimidation to prevent the resolution's adoption by the full House. Since then:

- * Turkey has sent troops into northern Iraq, which it had promised not to do if the White House helped Turkey delay Congressional passage of this human rights legislation.
- * Turkey has provided arms and support to the genocidal regime in Sudan, welcoming the Sudanese President for an official State visit in January, denying the genocide in Darfur, and vowing to make Sudan Turkey's largest African trading partner.

Please help end Turkey's gag rule on America and work towards ending the cycle of genocide by speaking on the floor or submitting a floor statement in remembrance of the 93rd anniversary of the Armenian Genocide on Thursday, April 24, 2008.
